

Twenty years of experience in four business fields: from pc and console devices and hardcore gaming controllers, to professional LED lighting solution, to confidential consults and advisory services for executive leaders, to app mobile market. ATOMIC GROUP™: real massive business, proudly since 1996.

BUSINESS UNITS

ATOMIC ACCESSORIES

Leader in production and in distribution of interactive and entertainment products, devices, gaming controllers and accessories for consoles, personal computers, tablets, mobile phones and smartphones, ATOMIC ACCESSORIES™ is the first business unit of the group, still on the market since 1996.

ATOMIC LIGHTING

Devoted to energy saving and environmental protection, ATOMIC LIGHTING™ provides “turnkey” projects to companies and industrial realities in order to replace existing conventional lighting systems with new LED technology assuring reliable and guaranteed savings on electricity costs.

CLASSONE FINANCE

From new concept plans to real implementation, ClassONE FINANCE™ assists the development of strategies, helping companies to reengineer their businesses thinking out their vision, results and goals in order to achieve improvements and efficiencies in various and different market scenarios.

APP1LAB

Your business in your smartphone. APP1LAB™ studies solutions in order to facilitate the organization of every commodities sector through mobileAPP: essential for end user and useful for our customer company.
